Compostable cartridge

The best solution for better water quality, ice quality and taste

CHARACTERISTICS

The Wpro compostable cartridge is **dedicated to the universal Wpro Eco Friendly Water Filter***. Thanks to the high-quality coconut carbon it removes chlorine, sediment, and dissolved organics. There is significantly **better performance than granular media due to high surface area**. **Compostable refill that can be thrown into the ground as fertiliser** saving up to 5kg of plastic going to landfill based on a 10-year life cycle (per user). **Prevents channelling** and can be installed vertically or horizontally ensuring reliable performance with flexible installation options.

THE RECOMMENDATION OF WPRO

Warnings: Do not use where the water is micro biologically unsafe or of unknown quality without adequate disinfection before the unit.

LOGISTIC INFORMATION

	LxHxW (cm)	Weight(Kg)	Qty
Product:	24.5x7x6.5	0,139	1
SubPack:	NA	NA	NA
Pallet:	NA	NA	640

CONSUMER BENEFITS

- **High performance:** High quality coconut carbon for highly efficient filtration for better quality and taste of water and ice
- **Compostable:** The cartridge inside can be thrown into the soil as fertiliser for plants

CHARACTERISTICS

Capacity max 5000 litres
Duration cartridge max 6 months of continuous use
Operating temperature: Max. 38°C (100°F)
Working pressure: Max. 0,70 MPa (7 bar)
Flow rate: 2.50 lpm (0,66 gpm)

CERTIFICATIONS

1935:2004 tested in Italy (by Mauro / Ferrilabs) - Will undergo the 2020/1245 additional tests required prior to launch
